

Broadwater Newsletter

January 2017 Issue

January 2017

***Please do not use the bus lane in front of the school, or stop in traffic to load or unload your students!! Instead, park along Wyoming Avenue and utilize the crosswalks to bring your student safely to school or allow them to walk.**

Mr. Huck's 200 Club: *Mr. Huck's 200 Club is a positive behavior incentive system that rewards students for good behavior. When teachers at Broadwater identify a student with extraordinary behavior they will be presented with a ticket that they will immediately turn into Mr. Huck. They will then be able to draw a number between 1 and 200 and their name will be placed next to the number they drew on a poster located in the office. Mr. Huck will also call these students parents to celebrate their extraordinary behavior. These students will also get the opportunity to sign the celebrity book, and forever leave their mark at Broadwater School. Once 10 spaces in a row (horizontal, vertical, or diagonal) are filled then those students will get an extra reward from Mr. Huck.*

Coupon Book Fundraiser: *On January 18 your student will be bringing home a coupon book and order form. You may sell the coupon books from January 18-January 31 and return the order forms and money by February 1st. Coupon books will then be ready for delivery no later than the week of February 14th.*

My Voice Surveys:

Beginning on the 16th of January and running up to the 30th of January we will be collecting anonymous data from students, staff, and parents through the MyVoice Surveys. This data will help us celebrate areas in which we are doing well and identify areas of need on which we can improve. 3rd-5th grade students will be completing the student version of the survey during class time. Parents can access the survey using the following link or QR code, then use the parent access code to enter the survey.

<http://svsurveys.corwin.com/survey>

Access Code: 33027e4V0824

Weather Policy: *Students will be expected to go outside unless the temperature is below zero. Please make sure students are prepared for the elements.*
